Information about kisan tractor Yojana scheme:- Kisan Tractor Yojana is a scheme which has been started for the development of the farmers. India is an agricultural country where till date a lot of people are dependent on agriculture, thus it becomes very necessary to provide good quality technology to the farmers for their development because these are those people who get affected by lots of things. The situation of farmers in our country is not so good and they suffer a lot of so many problems in which they are not able to afford good quality technology. To get such technology is tractors which is a much-required need of any farmers and to solve this problem of farmers come up with the solution to provide subsidy to the farmers so that they can purchase a tractor and with good technology they can be able to make some changes in their financial status. To get the benefit of this scheme farmers of any state of India can make the application process Online on the official web portal of Kisan Tractor Yojana https://kisantractoryojana.co.in/ Through the help of this scheme, candidates will be able to get around 20 to 50% of the subsidy on their purchase of a tractor. To get the benefit of this scheme farmers can make the application process online methods tills the last date. This is not a central government scheme but private concern scheme for the development of the farmers of the nation. In this scheme, the Subsidy payment amount not directly gets transferred into the bank accounts of the farmers, payment should we release to the respective local tractor brand dealer in the form of R.O (release order) through the DBT method. Applicant make sure to paid the rest amount for releasing the R.O to concerned

dealer. Those who want to
make the application process to get the benefit of this scheme may be register before the closing date, otherwise they won't be able to get the benefit of this scheme. Farmers can also get 50% of the amount as the loan amount from the government through this scheme.

There are few highlights or main motive for farmers which are under mention:

1.The direct benefit of this scheme can be taken by any farmer of India.

2.Through the help of this scheme, farmers will be able to get the subsidy of 40 to 50% (depend on brand and model) of the original price of the tractor.
3.To get the benefit of this scheme farmers must have a bank account number that should be connected to the Aadhar Card.
4.To get the benefit of this scheme farmers need to make sure that they didn't take any other technology-based scheme to benefit from the government.
5.Under this scheme, those females who do farming will be able to get the extra benefit of this scheme.
6.To get the benefit of this scheme farmers should have land on their name otherwise they need to get NOC from land owner to get the benefit of this scheme.
